

PARAS SENJALIYA

Team Coordinator | Mobile Developer | Android Native & React Native

+91 8460263132 | senjaliyapr@gmail.com | Ahmedabad, Gujarat

PROFESSIONAL SUMMARY

Technical Project Coordinator with 8+ years of overall experience in the software industry, including the last 3+ years coordinating end-to-end delivery of mobile and cross-platform software projects in Agile environments. Skilled in sprint planning, requirement gathering, task allocation, risk management, and stakeholder management across product-based and enterprise environments. A strong technical foundation built over 5+ years as an Android and React Native developer enables effective translation between business requirements and engineering execution. Proven track record of mentoring teams, managing multiple concurrent projects, tracking risks and dependencies, and ensuring on-time, quality delivery using tools such as Asana, Basecamp, and Zoho.

PROFESSIONAL EXPERIENCE

Team Coordinator & Mobile Developer

Nimblechapps Pvt. Ltd. | 3+ Years | Ahmedabad, Gujarat

- Coordinated end-to-end delivery of Xpress, a real-time chat and communication platform, aligning product, engineering, and QA teams.
- Led Agile/Scrum ceremonies — sprint planning, stand-ups, backlog grooming — across 5+ concurrent product builds. Managed task allocation and resource planning across cross-functional teams to meet sprint and release deadlines.
- Acted as primary stakeholder contact, gathering requirements and managing change requests throughout the project lifecycle. Tracked project timelines and deliverables using Asana and Basecamp, proactively flagging risks to leadership.
- Identified and mitigated project risks, including third-party SDK/vendor dependencies (Sendbird, Firebase, Socket.IO). Mentored and onboarded team members through training and code-review processes, improving delivery capability.
- Coordinated cross-team communication between design, development, and QA to align on priorities and blockers.

Senior Android Developer

Intricare Technologies | 1 Year 9 Months | Ahmedabad, Gujarat

- Developed Breakout — a real-time audio streaming and social interaction platform using Firebase, Socket.IO, and AWS.
- Optimised REST API integration with batched pagination and caching, reducing average response time from 3s to under 1s for datasets of 50+ records.
- Built scalable chat and feed systems with smooth pagination — ideal practical lab case studies for GTU students.
- Implemented chat systems, social feeds, authentication flows, push notifications, and media streaming features.
- Worked on both Android Native and React Native applications including Contact Ninja and Gokios.

Android Developer

IGEX Solutions | 2.5 Years | Ahmedabad, Gujarat

- Built Grapevine Treasure Hunt — an interactive, location-based Android app with customised user journeys using Maps API and GPS.
- Developed LAAVEO Virtual Event Platform, Jap Mala (religious app), Sens2Go, and Grapevine Party Invitations.
- Owned full delivery lifecycle for 15 Android apps from requirements through Play Store release — 0 post-launch critical bugs across all titles.

PROFILES

- **Portfolio:** <https://senjaliyapr.github.io/portfolio/>
- **GitHub:** <https://github.com/senjaliyapr>
- **LinkedIn:** <https://www.linkedin.com/in/paras-senjaliya>

TECHNICAL SKILLS

- **Team Coordination:** Agile, Scrum, Sprint Planning, Backlog Grooming, Task Allocation, Resource Planning, Risk Management, Stakeholder Management, Requirement Gathering, Change Management
- **Project Tools:** Asana, Basecamp, Zoho, Git/GitHub, Postman, Gradle
- **Languages:** Kotlin, Java (legacy), JavaScript, TypeScript
- **Mobile Frameworks:** Android SDK, Jetpack Compose, Material Design, MVVM, Clean Architecture
- **Database & Backend:** Firebase (Realtime DB, Firestore, Auth), SQLite, REST APIs, Retrofit
- **Architecture:** MVVM, Clean Architecture, Redux
- **Security:** OAuth 2.0, JWT, SSL Pinning, Encrypted Storage
- **Dev Tools:** Android Studio, Git/GitHub, Postman, Gradle, Asana, Basecamp
- **Testing:** JUnit (Unit Testing), Espresso (UI Testing)
- **IoT Exposure:** Bluetooth Beacons, Smart Devices (Locks, Cameras)
- **CI/CD:** Basic understanding of automated build and deployment pipelines

EDUCATION

Bachelor of Engineering (B.E.) — Computer Engineering

Om Engineering College, Junagadh | Gujarat Technological University (GTU) | 2018 | Ahmedabad, Gujarat

- SPI: 7.5 | Subject: Computer Engineering , GTU — Gujarat Technological University

PROJECTS

- **Xpress Chat App:** Real-time messaging using Socket.IO + Firebase
- **Breakout Audio Streaming:** Firebase + AWS integration
- **Grapevine Treasure Hunt:** Location-based app using GPS + Maps API
- **LAAVEO Virtual Events:** Full-stack Android app
- **Contact Ninja:** Database-driven Android app
- **Ramblers:** Maps API + Firebase + MVVM Android app
- **Flex Food:** UI/UX, Data Handling, Chart, Live Record, Firebase, Stripe payment
- **ChurchTime:** React Native, UI/UX, Data Handling, SQL Database, Download documents
- **Sunday Worship:** React Native, Media Streaming, Podcast Integration
- **Warmth Matters:** React Native, Local Database, Data Storage
- **Gokios:** Kiosk Mode, Device Management, security App
- **Jap Mala:** Custom Logic, Tap Counter, RealTime Database

ADDITIONAL INFORMATION

- Successfully published and managed apps on **Google Play Store and Apple App Store**
- Strong problem-solving mindset; quickly resolve technical issues
- Languages: Gujarati (Native), Hindi (Fluent), English (Professional)
- IoT Exposure: Bluetooth Beacons, Smart Devices (Locks, Cameras)
- Project Tools: Asana, Basecamp, Zoho
